

CASE STUDY

VALUE PROPOSITION

- **Health Improvement:** Non-flammable product has no harsh brominated solvents or other toxins present in competitive products
- **Time Savings:** Fast-evaporating and residue-free for quick brake cleaning
- **Improved Product Performance:** Little or no odor was noted by the technicians in daily use of the product

PRODUCT

LPS® MAX
Instant Super Degreaser 2.0

BOTTOM LINE

Brake Cleaning
Automotive Transportation: Fleet Maintenance

APPLICATION

- Brake cleaning and maintenance of county transportation buses

ISSUE

- Maintenance department needed to clean brakes quickly and efficiently. Customer required a non-flammable, low odor product that did not contain harsh brominated solvents or toxins.

SOLUTION

- LPS® MAX Instant Super Degreaser 2.0

RESULT

- In side-by-side testing on over 40 buses, 14 technicians found that LPS® MAX Instant Super Degreaser 2.0's fast-evaporating formula cleaned brakes exceptionally well, leaving no residue behind with little to no odor noted during use. Additionally, product provided a worker safety benefit containing no harsh brominated solvents or other toxins.
